Article review

« _____

_____»

1. **Type of article** (tick the correct option):

- | | |
|--|--|
| <input type="checkbox"/> Overview | <input type="checkbox"/> Critical |
| <input type="checkbox"/> Problem-theoretical | <input type="checkbox"/> Description of a private phenomenon |

2. **Title of the article** (tick the correct option):

- | | |
|--|--|
| <input type="checkbox"/> Relevant to its content | <input type="checkbox"/> Does not correspond to the content of the article |
| <input type="checkbox"/> Requires clarification | |
| <input type="checkbox"/> Poorly worded | |

3. **The structure (Introduction, Purpose, Materials and Methods, Research Results, Discussion, Conclusions) Present** _____

4. **Problematics of the work** (tick the correct option):

- | | |
|---|--|
| <input type="checkbox"/> Posing a new problem | <input type="checkbox"/> The question is supplemented with new facts |
| <input type="checkbox"/> Discussion of the discussion issue | <input type="checkbox"/> The results are known and duplicate existing data in the literature |

5. **Methodology** (tick the correct option):

- | | |
|--------------------------------------|---------------------------------------|
| <input type="checkbox"/> Original | <input type="checkbox"/> Modern (new) |
| <input type="checkbox"/> Traditional | <input type="checkbox"/> Doubtful |

6. **Degree of novelty** (tick the correct option):

- | | |
|---|---|
| <input type="checkbox"/> Brand new | <input type="checkbox"/> Supplementing what is known, but with other examples |
| <input type="checkbox"/> Substantial addition to the known facts, giving a new interpretation | <input type="checkbox"/> Repetition of known facts; no novelty at all |

7. **Tables and figures** (tick the correct option):

- | | |
|--|--|
| <input type="checkbox"/> Supplement and disclose the essence of the work | <input type="checkbox"/> Insufficiently linked to the text |
| <input type="checkbox"/> Illustrate the text | <input type="checkbox"/> redundant |
| | <input type="checkbox"/> Absent |

8. **Literature** (tick the correct option):

- | | |
|--|---|
| <input type="checkbox"/> cited topical sources | <input type="checkbox"/> citation of sources can be abbreviated |
| <input type="checkbox"/> key sources cited | <input type="checkbox"/> citation omitted |
| <input type="checkbox"/> cited secondary sources | |

9. **Stylistic design (outlining)**: (score in points 1-5): _____

10. **To what extent the article corresponds to the scientific level:**

- | | |
|---|---|
| <input type="checkbox"/> Fully compliant | <input type="checkbox"/> Requires author's modification |
| <input type="checkbox"/> Requires editorial revision, i.e. stylistic revision | <input type="checkbox"/> Requires radical revision |
| | <input type="checkbox"/> Can't be modified |
